Logitech Wireless Headset H800

Write a Review

GBP 89.99

This comfortable, wireless headset lets you chat, rock and surf on multiple devices like your PC, tablet and smartphone—with rich digital stereo, a six-hour rechargeable battery and a full set of on-ear controls.****

Compatible

Easily connect to and switch between devices like your PC, tablet and smartphone.*

On-ear controls
Let you adjust the volume, switch tracks, mute the microphone, answer calls and switch between devices.*

Laser-tuned drivers

Minimize distortion for clear calls and music.

Built-in equalizer

Optimizes your sound whether you're chatting or listening to music.

2.4 GHz wireless

Roam up to 12 m (40 ft.)** from your PC using the tiny, leave-in nano receiver.

Plug-and-forget nano receiver

So small and unobtrusive, you can plug it into a USB port and forget about it.

Bluetooth® technology

It's easy to pair your headset with your smartphone or tablet using Bluetooth.***

Rechargeable battery

Listen and chat longer—wherever you are—with the six-hour rechargeable battery.**** If you're running low on juice, plug your headset into a USB port—and recharge without skipping a beat.

Fold-and-go design

The lightweight headset folds up like sunglasses when you're ready to hit the road.

Noise-canceling microphone

You won't have to compete with background noise to be heard——which means crystal clear calls with work, family and friends.

Flexible, rotating boom

You can position the microphone right where you want it—and rotate it up so that it discreetly hides in the headband when you're listening to music or watching a movie.

Works with games, movies, music, and common calling applications including Logitech Vid™ HD, Skype™, Yahoo!® Messenger, Gmail™, Windows Live® Messenger and AIM®.*****
