1.	Specifications vary depending on model.	7.
2.	Shared system memory may be allocated to support graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.	8.
3.	Memory speed may vary, depending on the CPU, chipset or memory fitted.	9.
4.	All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.	
5.	1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.	
6.	Minor variations in system dimensions are possible due to the manufacturing process.

 As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
