

Delock USB 3.0 Card Reader All in 1 + 3 Port USB 3.0 Hub

Description

This Delock product expands your computer by a Card Reader and a Hub. Thus you can read and write up to 60 memory cards. Furthermore you can connect different USB devices, e.g. MP3 player, external enclosure etc. to the Hub. The Card Reader can be connected to the USB 3.0 interface in order to achieve a faster data transfer rate of up to 5 Gb/s (SuperSpeed). Furthermore the USB 3.0-A connector is compatible to its forerunners USB 2.0 and USB 1.1. Thus you can still connect the Card Reader to a USB 2.0 or USB 1.1 port.
