

DENON® CEOL RCD-N12DAB

The Complete Music and TV Sound System

Superb sound from an elegant, compact package. With a radio tuner, CD player, and HEOS® Built-in, plus HDMI ARC for TV connection, phono input, and audio pre-out, it's the perfect audio hub for a modern living space.

HIGHLIGHTS

YOUR BENEFITS

Power for for high-fidelity sound

Two channels with up to 65W of power drive book-shelf or smaller floor-standing speaker.

Simple TV connection

With an HDMI ARC input, connect your television easily to elevate movie sound.

Built-in sources

The Denon® CEOL RCD-N12DAB combines a DAB/FM radio tuner, CD player, and HEOS Built-in for music streaming, AirPlay 2 and Bluetooth, with powerful amplification in a compact package.

Quick Select buttons

With three Quick Select buttons, you can easily access your favourite sources or streaming playlists when you want—without the hassle of searching.

MM phono equalizer

Features a phono equalizer for directly connecting a turntable.

Pre-out and subwoofer output

Expand the system by an external amplifier or a dedicated subwoofer for more sound impact.

Built-in Bluetooth with re-broadcast feature

Directly connect a pair of headphones using Bluetooth re-broadcast and listen to your music or watch television wirelessly.

SINCE 1910 | DEFINING AUDIO EXCELLENCE

HDMI ARC

Equipped with one HDMI ARC input, allowing a single cable connection with compatible television as well as direct volume control from the television or amplifier remote.

Quick Select buttons

With three Quick Select buttons accessible directly from the top of the product or the remote control, you can easily store your favourite internet radio stations or source configuration to enjoy when you want, without the hassle of searching.

HEOS Built-in

Enjoy music from Spotify, Amazon Music HD, Tidal, and more or your local music file libraries. With additional HEOS Built-in components, like HEOS-capable speakers, play all your music in one room or many. Available music services vary by country.

Amazon Alexa voice control

Use your voice to stream your favourite music services through Alexa with HEOS Built-in. Ask Alexa to play music from Spotify, Deezer Tidal, and more. Turn volume up or down, pause, mute, and play the next song—all with your voice. To start streaming with Alexa voice commands,

open the Alexa app and select "Skills." Add HEOS Home Entertainment to enable. Then, go to Smart Home in the Alexa app menu and choose Devices and Discover or say "Alexa, discover my devices."

Built-in Bluetooth with re-broadcast feature

Stream music from your smart device by Bluetooth or directly connect a pair of headphones using Bluetooth re-broadcast and listen to your connected music sources or watch television wirelessly.

AirPlay 2 and Apple Siri Voice Control

Stream audio from your favourite music services like Apple Music and Spotify or watch videos from services like YouTube and Netflix from any iPhone, iPad, Mac or Apple TV. Hear audio perfectly synced to your speakers from AirPlay 2 sources. AirPlay 2 also supports multiroom audio—wirelessly stream content to multiple AirPlay 2 compatible devices simultaneously with improved audio buffering to ensure smooth audio playback. AirPlay 2 provides control and grouping of compatible audio devices within the Apple Music or Home app. Use AirPlay 2 in-app or with your voice via Siri.

Pre-out and subwoofer output

Let the RCD-N12DAB fill even bigger spaces by connecting an external amplifier or a subwoofer for extra bass power.

Power for book-shelf or smaller floor-standing speakers

Two channels with up to 65W of power to fill a small or medium room with high-fidelity sound. The amplifier incorporates on-board digital EQ processing, built-in preset tuned to optimize sound quality from the optional available Denon SC-N10 speaker system.

Denon SC-N10 speaker system (optional)

Designed with Denon® hi-fi craftsmanship. A high quality 6" woofer / midrange chassis combined with a 1" high-definition tweeter and a crossover network reproduces the smoothness of natural sound.
