Building a Fully Connected, Intelligent World

## **Designed for Efficient Business**

### HUAWEI IdeaHub S2

01

Built on the next-gen hardware platform architecture, HUAWEI IdeaHub S2 is equipped with Bring Your Own Meeting (BYOM), HD immersive meeting quality, Wi-Fi 6 for direct projection, and ultra-low writing latency, easily adapting to mainstream cloud meeting apps. It is a perfect solution for boundless collaboration and communication to fit in any room, such as regular meeting room, executive office, and open office area.

## All-in-One Design Breaks Boundaries

## 4K soft light screen

Smart camera

Lens cover offers physical privacy protection

$\frown$	

### Centralized front panel ports

NFC, Type-C, USB 3.0, and power button

\* Product pictures and display content in this document are provided for reference only. Actual product specifications and display content (including but not limited to backgrounds, interfaces, and illustrations) may vary.

TÜV Rheinland Low Blue Light Certification

## BYOM

### Seamless transfer

Use personal devices to invoke the display, camera, microphone, and speaker of HUAWEI IdeaHub S2, connecting all of them together for a smooth and HD meeting experience.

### Multiple transfer methods

Huawei phones<sup>1</sup> support video conferencing transfer through the drop-down menu or NFC. PCs support video conferencing transfer through the IdeaShare Key 2.0 (USB Type-C),<sup>2</sup> IdeaShare app,<sup>3</sup> and wired Type-C port.<sup>4</sup>

### Note:

1. Supports Huawei phones running HarmonyOS 2.0 or later.

2. In Windows 7, macOS 10.13.6, and later versions, the video conferencing effect can reach up to 1080p 30 fps.

3. In Windows 7 and later versions, the video conferencing effect can reach up to 1080p 30 fps. 4. In Windows 7, macOS 10.10, and later versions, the video conferencing effect can reach up to 1080p 30 fps. \*The actual performance may vary depending on vendors.

## **Immersive HD Intelligent Meeting**

Adapts to mainstream cloud meeting apps and supports 1080p audio and video, 4K data sharing, and dual-stream meetings. Features H.264 + H.265 dual protocols, HD hardware encoding and decoding, and fully upgraded on-premises conferences.

### ি Powerful AI capabilities

Voice tracking always keeps the speaker in the center. Auto-Framing automatically identifies the best angle for multiple participants. Acoustic baffle shields external noise and adapts to various meeting rooms.

### <sup>(a)</sup> 4K video conferencing camera

Doubled signal-to-noise ratio (SNR), providing better image quality

ℜ Circulating heat dissipation design 3000-hour high-temperature test reassures consistent resolution even after long meetings

### ③ 3D stereo field for cinematic sound experience

Ultra-large sound cavity | Max. 95 dB sound pressure

Ô Acoustic Engine 2.0 for clear voice from far away 12-meter ultra-long-distance sound pickup | DNN-based dereverberation<sup>1</sup> | Audio echo cancellation algorithm

1.Deep Neural Network (DNN): AI-based deep learning algorithm.

Huawei-developed imaging algorithm TV distortion < 2% for natural image

## Wi-Fi 6 for Direct Projection

### Network configuration-free and one-step access

Built on the Wi-Fi Direct capability, HUAWEI IdeaHub S2 features easy projection by multiple methods. Simply enable Wi-Fi on a mobile phone or PC to sync with the IdeaHub S2, and there's no need to join the same LAN. You can use IdeaShare app<sup>1</sup> which autocompletes the projection code after the first letter, or you can use NFC<sup>2</sup> or wireless projection through the drop-down menu<sup>3</sup> on a Huawei phone to enable single-step projection.

Stable projection

**Dual-band dual-Wi-Fi module** No interference between internet connection and projection

### More projection methods

IdeaShare Key<sup>4</sup>

Type-C and HDMI cables for projection

### Note:

1. The Wi-Fi Direct feature of IdeaShare app does not support macOS and iOS. The presentation sharing quality can reach 4K 30 fps with Windows OS.

- 2. NFC feature is supported by HUAWEI Mate 40 series phones running EMUI 11.0.0.135 or HarmonyOS 2.0 or later, and other Huawei phones running EMUI 11.0.0.150 or HarmonyOS 2.0 or later.
- 3. Projection through the option in the drop-down menu is supported by Huawei phones running EMUI 10.0.1 or HarmonyOS 2.0 or later.
- 4. The IdeaShare Key supports Type-C and USB ports and is compatible with Windows 7, macOS 10.13.6, and later versions.

# **Intelligent Whiteboard**

- 16 ms ultra-low writing latency Synchronous and precise writing on screen
- **Multiple pen thicknesses in** full color

Optional handwriting thickness and unlimited color choices

**Multi-touch gestures** 

Select, move, zoom, and erase with gestures

**Scan to take away**<sup>2</sup> Scan the QR code to take away whiteboard content

- 1. The intelligent writing recognition supports recognition of Chinese, English, and 11 types of graphics.
- 2. You can use Huawei Cloud Meeting to scan the QR code.

\* Product pictures and display content in this document are for reference only. Actual product specifications and display content (including but not limited to backgrounds, interfaces, and illustrations) may vary.

### Handwriting recognition<sup>1</sup>

Converting your handwriting and drawings to digital forms

### **Full-screen** annotation

Taking a snapshot of any page and pasting it to the whiteboard for annotation

### **Remote bidirectional collaboration**

One tap to share whiteboard content for real-time collaboration

### Co-authoring

Two people can write on the whiteboard concurrently

## **Boundless Collaboration for Smart Office**

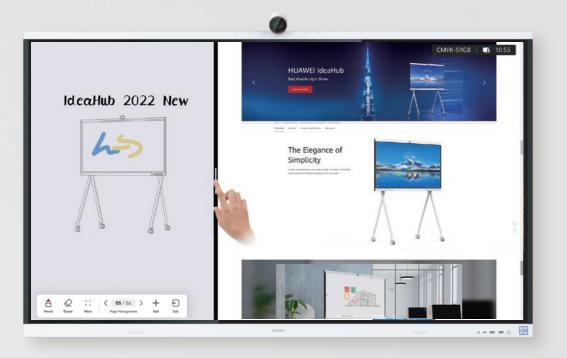

### Multi-Window for efficient multitasking

13

Multiple local collaboration and discussion tasks can be displayed simultaneously, ensuring uninterrupted office work and fully utilizing the IdeaHub S2's strengths.

### App Multiplier for user-friendly interaction

Removes black bars of apps and optimizes multi-window display effect of more apps.

· App switching-free during collaboration, allowing you to browse information while writing on the whiteboard at the same time.

 $\cdot$  Supports multi-app screen linkage with adjustable window ratios (1:1/1:2), adapting to more scenarios.

• App Multiplier is supported by more than 1,000<sup>1</sup> apps.

• Displays an app in dual windows. For example, you can browse message list on one screen and read the detailed information in the other.

## **Ecosystem of Extensive Apps**

Massive number of dedicated apps and fast downloads

## **Open and Fast Integration**

**Open architecture** 

Adapts to the IdeaHub video hardware codec to provide 1080p HD video conferencing experience.

- Open SDKs
  - Integrates the whiteboard and meeting SDK plug-ins into enterprise office apps to facilitate everyday business.

- · Cloud-pipe-device-chip full-link protection, protecting enterprise information assets
- · CC EAL5+ high-level security certification for global commercial systems

## IdeaManager for Intelligent O&M

- **Remote management of multiple devices** Basic device configuration | Remote OTA updates | Remote shutdown | Boot screen and bulletin board push
- (2) Fast and precise fault locating and diagnosis Fault alarm notification | Self-service diagnosis of typical faults

1 1 1 1 1

 $\cdot$  Multiple templates for the welcome page with one touch to display • Supports image import and search for efficient management

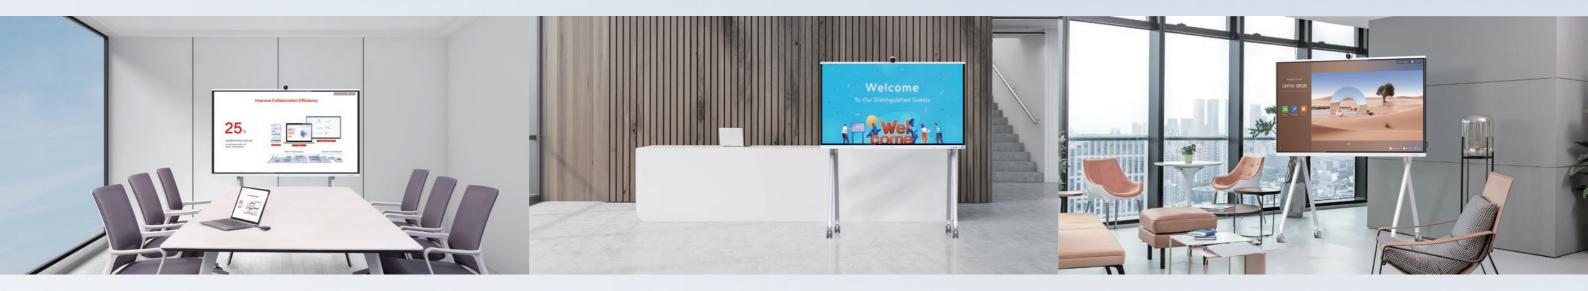

## **Bulletin Board for Enterprise Marketing**

• Unified management and scheduled push based on regions and organizations · Flexible advertising design allows up to 50 images to be played in turn

## All-Scenario Smart Office Ecosystem

### Regular meeting room

Local workshop, remote meeting, and business meeting Wi-Fi 6 for P2P cross-network projection | BYOM | Bidirectional collaboration | Intelligent writing

### Exhibition and demonstration

Corporate culture display, welcome board, and activity promotions 4K display | HiBoard | Bulletin board | Aesthetic design

### Open area

Regular meeting, instant discussion, and team-building meeting Rolling stand | Ultra-low writing latency Multi-gesture erasure | QR code scanning for content takeaway

### Multi-functional training room

Group discussion, employee development, simulation training, and live training HD sharing | Wi-Fi 6 for P2P cross-network projection | Real-time annotation | Co-authoring

### Executive office

Remote interview, employee debriefing, and CXO business meeting Lens cover | Open ecosystem | IdeaHub Controller

### Study room

Remote working and hybrid learning 4K HD display | Ultra-low writing latency | HD intelligent cloud conferencing | 3D stereo sound
