ICY BOX IB-DK4025-CPD USB Type-C™ DockingStation with integrated cable

USB Type-C™

The Type-C™ connection offers incredible versatility. It combines data transmission, video output and power in a single, compact port. The integration of USB Type-C™ makes the connection even more practical, as it has a twist-proof connection as its physical feature - making it a truly universal connection.

Always at the ready

The integrated cable is always ready for use and cannot be lost. It stays out of unnecessary cable clutter in your pocket or drawer.

Caught you by surprise, right?

Did you know, that you might posses a smart device that could function with this DockingStation as some kind of desktop computer? Samsung® and Huawei® are on it. Desktop Experience, or in short "DeX" as well as "Easy Projection" allows you to use input devices, storage media, audio devices and even one HDMI® device that are connected to the IB-DK4025-CPD. And all, under just one desktop area.
