## ICY BOX **IB-MSG304BL-T** Gaming monitor stand with USB 3.0 media hub and RGB light effect

### Brings light into the dark

The IB-MSG304BL-T impresses with good workmanship, a modern and eye-catching design and its lighting in the base of the monitor stand, which creates a particularly pleasant ambience in your gaming room. The colours play through the palette of the rainbow.

### Even more connections!

This monitor stand adds two more USB 3.0 ports to your end device. A third USB 3.0 port provides the necessary power. You also have the option of connecting a microphone and headphones, extremely convenient for your gaming applications!

### Firmly and securely mounted

The monitor stand can be securely attached to the tabletop in two ways. If your desk has a cut-out, you can attach the monitor stand to table tops with a thickness of 10 to 80 mm by means of a table feed-through. For table tops with a thickness of 10 to 85 mm, you can also mount it securely using a clamp base. The accessories are included in the scope of delivery.
