

LENOVO™ POWERED USB-C TRAVEL HUB

TRAVEL-READY PRODUCTIVITY POWERHOUSE.

One-stop travel docking is finally here. Connect and charge new and legacy devices wherever you happen to be. Sleek and compact, the Lenovo Powered USB-C Travel Hub fits unlimited productivity inside your everyday bag. Pair with 2018/2019 selected ThinkPad® systems for best results and powerful enterprise features.

WHY YOU SHOULD BUY THE LENOVO POWERED USB-C TRAVEL HUB

◀ **One cable, six options**

Easily connect to an external 4K or 1080p display* with HDMI™ or VGA, wired RJ45 network, two USB-A devices, and USB-C power pass-through – all via a single USB-C cable that disappears inside the minimalistic design.

◀ **Understated design, travel-ready**

Wrap the cable in its groove and travel light and easy. Ready for everything, the travel hub provides power to any fully functional USB-C Notebook with an additional 45W/65W USB-C power adapter.

◀ **Plug and play, especially with ThinkPad systems**

Easy to use and driver-ready, the Hub works with any fully functional USB-C device, but really shines with ThinkPad systems, delivering enterprise-class features such as MAC address pass-through, Wake-on-LAN and PXE boot.

* Real display resolution depends on system capability.
