

Logitech Wireless Headset H600

[Overview](#) [Features](#) [Image Gallery](#) [Specifications](#) [Support](#)

Cut loose from your PC with this lightweight, portable headset. The laser-tuned drivers, 10-meter range* and 6-hour rechargeable battery** make it easy to listen and chat whether you're at your desk or on the couch.

Plug-and-forget nano receiver

So small and unobtrusive, you can plug it into a USB port and forget about it. Plug into more about the plug-and-forget nano receiver.

Laser-tuned drivers

Minimize distortion for clear calls and music.

Noise-canceling microphone

You won't have to compete with background noise to be heard—which means crystal clear calls with work, family and friends.

Flexible, rotating boom

You can position the microphone right where you want it—and rotate it up so that it discreetly hides in the headband when you're listening to music or watching a movie.

2.4 GHz wireless

Roam up to 10 m (33 ft.)* from your PC using the tiny, leave-in nano receiver.

Six-hour rechargeable battery**

Lets you chat and listen longer—whether you're at a desk or on the move.

Adjustable headband and ear cups

Designed to keep you comfortable.

Fold-and-go design

The lightweight headset folds up like sunglasses when you're ready to hit the road.

Simple, on-ear controls

You can adjust the volume and mute the microphone right from the headset.

Plays nice

Works with games, movies, music, and common calling applications including Logitech Vid™ HD, Skype®, Yahoo!® Messenger, Gmail™, Windows Live® Messenger and AIM®.

* Actual wireless range will vary with use, settings and environmental conditions.

** Actual battery life will vary with use, settings and environmental conditions. Rechargeable batteries have a limited number of charge cycles.
