

Logitech Wireless Keyboard K270

[Write a Review](#)**GBP 24.99**[Overview](#)[Features](#)[Image Gallery](#)[Specifications](#)[Support](#)[Add To Cart](#)

Reliable wireless—wherever you use your keyboard— thanks to the Logitech Unifying receiver that pairs with up to six Unifying-compatible mice and keyboards.

Logitech Unifying receiver

The tiny wireless receiver stays in your laptop—there's no need to unplug it when you move around—and connects your keyboard.

24-month battery life

You'll enjoy less hassle with a battery life of up to 24 months.** Auto standby helps you save energy.

[Big on battery life? We are, too. Learn more.](#)

Eight hot keys

The things you do most are right at your fingertips with eight hot keys for instant access to the Internet, e-mail, play/pause, volume and more.

Plug-and-play simplicity

Setup takes seconds—you simply plug the wireless receiver into a USB port on your computer and start using your keyboard right away without software.

Full-size layout

The sleek keyboard saves you space without sacrificing comfort thanks to the familiar, full-size layout—including number pad—and wide, curved space bar.

[Typing can be tiring. Find out how Logitech helps you get comfortable. Learn more. >](#)

Spill-resistant keyboard

Liquid drains out of the keyboard, so you don't have to worry about ruining your investment with accidental spills.***

Logitech reliability

You get the high quality and reliability that's made Logitech a global leader for keyboards at a price you can afford—plus a 3-year limited hardware warranty.

Durable, UV-coated keys

The special coating protects the keys from fading so you can see what you're typing for years to come.

* Wireless range may vary due to environmental and computing conditions.

** Keyboard battery life calculation based on an estimated two million keystrokes/year in an office environment. User experience may vary.

*** Tested under limited conditions (maximum of 60 ml liquid spillage). Do not immerse keyboard in liquid.
