A wireless mouse that delivers a better mix of precision and comfort—with designed-for-Web scrolling and a feel-good, contoured design.

Micro-precise scrolling

Designed for how you use the Web, our newest micro-precise scrolling makes reading your Facebook®, shopping Amazon® or scrolling through Google® searches easier. Plus, tilting the wheel moves you backward or forward on the Web.*

[Excited about hyper-fast scrolling?](#) >

Comfortable contoured design

Based on the best-selling shape in the world**, the contoured shape with textured rubber grips keeps your hand happy—even after long hours.

[Comfortable hands like comfortable mice. Learn more.](#) >

Up to 18-month battery life

The long battery life virtually eliminates the hassle of changing batteries. Smart sleep mode saves power, while an indicator light eliminates surprises.**

[Big on battery life? We are, too. Learn more.](#) >

Logitech Unifying Nano-receiver

The tiny receiver stays in your laptop. Plus, you can easily add a compatible wireless device—without the hassle of multiple USB receivers.

Logitech reliability

You get the high quality and reliability that have made Logitech the global leader for mice at a price you can afford—plus a three-year limited hardware warranty.

Perfect for laptops and netbooks

Your mouse works with Windows®, Mac® and Linux®. No matter what type of computer you own today—or buy tomorrow—you can depend on your mouse to work like you expect.

* Tilt wheel will not support backward/forward on Mac® computers but will support Dashboard, Exposé® or Spaces® (when you select in System Preferences).

** Based on independent sales data (in US\$ currency) for CA, US, AU, FR, DE, IT, from September 2008 through August 2010.

*** Battery life may vary based on user and computing conditions.
