50 Word Product Description

The CORSAIR iCUE LC100 Case Accent Lighting Panels - Mini Triangle Starter Kit lights up your PC case with nine interconnected mini RGB lighting panels, configurable in nearly endless custom layouts. Each panel's nine brilliant RGB LEDs are housed in sturdy, light-diffusing casing for smooth lighting effects, and the panels attach magnetically for easily adjustable configurations.

Overview
100 Word Product Description

The CORSAIR iCUE LC100 Case Accent Lighting Panels - Mini Triangle Starter Kit lights up your PC case with nine interconnected mini RGB lighting panels, configurable in nearly endless custom layouts. Each panel's nine brilliant RGB LEDs are housed in sturdy, light-diffusing casing for smooth lighting effects, and the panels attach magnetically for easily adjustable configurations. Command your case's lighting with the included CORSAIR iCUE Lighting Node PRO RGB Lighting Controller and powerful CORSAIR iCUE software. As part of the iCUE Smart Lighting Ecosystem, LC100 panels can be fully customized and synchronized with all iCUE-compatible and external iCUE Smart Lighting devices. With expandability up to 18 panels and connectors to create stunning three-dimensional designs, the LC100 lets you create a constellation of color.

Features and Benefits

Style 1

- Give your PC a personal touch and make your case truly stand out with interconnected mini RGB lighting panels configurable in your own custom layouts.
- Includes nine triangular RGB lighting panels, each lit by nine bright RGB LEDs, in a sturdy, light-diffusing casing that softens and blends light for a continuous and smooth effect.
- Fully customize your lighting with an included CORSAIR iCUE Lighting Node PRO RGB Lighting Controller and powerful CORSAIR iCUE software.
- Simple magnetic attachment between panels and any steel surface makes installation and reconfiguration a breeze.
- Create stunning three-dimensional designs with eight included low-profile connectors and two corner hinges that enable attachment at varying angles.
- Part of the iCUE Smart Lighting Ecosystem powered by CORSAIR iCUE software, enabling fully customized and synchronized RGB lighting across all iCUE-compatible CORSAIR devices in your system and all external iCUE Smart Lighting devices.
- Add an LC100 Expansion Kit (sold separately) to extend your lighting configuration up to 18 interconnected panels for even more intricate designs.

Style 2

- **Give Your PC a Personal Touch**: Make your case truly stand out with interconnected mini RGB lighting panels configurable in your own custom layouts.
- **81 RGB LEDs with Light Diffusion**: Includes nine triangular RGB lighting panels, each lit by nine bright RGB LEDs, in a sturdy, light-diffusing casing that softens and blends light for a continuous and smooth effect.
- **CORSAIR iCUE Lighting Node PRO Included**: Fully customize your lighting with an included RGB lighting controller and powerful CORSAIR iCUE software.
- **Simple Magnetic Attachment**: Panels magnetically attach to each other and any steel surface, making installation and reconfiguration a breeze.
- **Create Stunning Three-Dimensional Designs**: Eight included low-profile connectors and two corner hinges enable attachment at varying angles.
- **Part of the iCUE Smart Lighting Ecosystem**: Powerful CORSAIR iCUE software enables fully customized and synchronized RGB lighting across all iCUE-compatible CORSAIR devices in your system and all external iCUE Smart Lighting devices.
- **Expandable up to 18 Panels**: Add a LC100 Expansion Kit (sold separately) to extend your lighting configuration for even more intricate designs.
