

# Artist 22R Pro

## Unleash new creative possibilities.

- ▶ The Artist 22R Pro is the first graphics display that supports a USB-C to USB-C connection, letting you directly connect your computers that support USB-C input to the 22R Pro without using a USB-C to HDMI & USB adapter.
- ▶ By applying the latest innovation and technology, the 22R Pro lets you draw with a more precise cursor positioning even at the four corners.
- ▶ The 21.5 inch FHD Display pairs a superb color accuracy of 88% NTSC (Adobe® RGB  $\geq$  90%, sRGB  $\geq$  120%), adding brilliance to your creation with more exquisite details and vibrant colors.
- ▶ Features two easy-to-control red dial wheels and 20 customizable shortcut keys that are conveniently placed on both sides, making it equally accessible for left and right-handed users.

## Specifications
